
PROJECT LAUNCH

COMPLETE RENOVATION OF 1895 MARINE HOSPITAL, CONSTRUCTION OF FRESNEL PAVILION, VEHICLE & VESSELS BUILDING, AND SITEWORK

The Project Launch will include the complete renovation of the 1895 Marine Hospital, a new Fresnel Lens Pavilion, the Vehicle & Vessels gallery, and full sitework. These buildings will provide nearly 7,000 square feet of exhibit space, curatorial workspace, a classroom, a research library, a cafe area, and the Museum's center for young learners, the Hands-On History room. The sitework for the 4 acres of grassy hilltop will also be developed, creating a park-like setting for outdoor events and the general enjoyment by the Island public.
